## BILATERAL MEETINGS

July 12, 2015 (10:00 am - 5:00 pm)

**DESCRIPTION** La **Brasserie DESEVEAUX** est une **brasserie familiale** qui se situe dans la commune de Boussu dans la province du Hainaut. Nos bières de fermentation haute sont brassées à partir d'ingrédients naturels et refermentées dans la pure tradition des bières artisanales.

Nous remettons à l'honneur des céréales ou graines ancestrales comme l'**avoine** et le **sarrasin**. Ces ingrédients ont été choisis pour leur originalité, leurs qualités gustatives et la durabilité de leur production. L'eau de brassage puisée au cœur de la **Vallée du Hanneton** donne à nos bières un caractère unique.

De **Brasserie DESEVEAUX** is een familiale brouwerij die zich bevindt in de gemeente Boussu in de provincie Henegouwen. Onze bieren van hoge gisting zijn op basis van natuurlijke ingrediënten gebrouwen en volgens de traditie van ambachtelijk bier met nagisting.

Wij herstellen voorouderlijke granen zoals **haver** en **boekweit** terug in ere. De ingrediënten zijn gekozen voor hun originaliteit, hun smaak en de duurzaamheid van hun productie.

Het brouwwater dat in het hart van de **Vallée du Hanneton** wordt geput, geeft aan onze bieren een uniek karakter.

**Deseveaux** is a family **brewery** based in Belgium in the province of Hainaut. Our ale beers are brewed using only natural ingredients and are refermented in the pure tradition of the artisanal beers for which Belgium is famous. Among

these natural ingredients,we would particularly highlight traditional cereals and grains such as oats and buckwheat. These ingredients have been selected for their originality, tastiness, and the sustainability of their production. The water used in the brewing process, which gives our beers their unique character, is sourced in the heart of **the Hanneton valley**.
